**Summer School
Program**

(June 28-July 30)

**Summer Camp
Program**

(June 28-August 13)

2010

Advantages

OLHCS continues to offer a Summer School Program and Summer Day Camp designed.....

- to motivate, stimulate, and enhance learning in the academic, spiritual, and physical development of each child entrusted to us.
- to provide a structured whole language program to meet the basic needs of the individual, as well as daily work and tests for evaluation through teacher instruction and computer class.
- to provide a safe "journey into learning" and fun for our youngsters in a safe environment with excellent supervision.
- to provide classes for 6th and 7th graders to prepare for high school testing.
- to integrate technology in the classes.

Our program is one of review, preparation improvement, and challenge, giving students an opportunity for growth and developing skills for the Terra Nova Test, comprehension, writing concepts, problem solving, and Algebra skills.

Registration

May 1— June 28

Fee: \$10.00 (non-OLHCS families)

Registration fees are due no later than

Monday, June 28, 2010.

(Checks are not accepted)
